COLOSSO

Extremely STRONG

COLOSSO puts forward a new principle of "magnetic transmission" which is extremely strong and able to go to the end of your fantasies. Never a vibrator will have taken you with so much strength. The phallic part of **COLOSSO** penetrates you with virility, you don't have to move, or use force, it does all the work for you. Its penetrating motion is fast or slow, you choose the rhythm that suits you best.

Little by little, your buttocks move... they shake... And more and more, the utter enjoyment is felt very quickly. And with this force of nature, you will brew so much that Yes! You will feel that... YES! An earthquake occurs and YES! Its epicentre is precisely IN YOU! Then! YES!

Will you still have the strength or the will to say: Stop?

Characteristics

V0131

COLOSSO SHAKES!

Its back and forth movements are so powerful that the spasms of your orgasm will give you a feeling of being at the epicentre of an earthquake!

COLOSSO

PHENOMENON

Discover G-Spot Pleasure... Among Other Things!

Setting out on a path to discovery with **COLOSSO** is the right thing to do! For starters, it is quality made from non-porous ultra-hygienic silicone! No phthalate, no latex, no emanation, and it's hypoallergenic for real! The **COLOSSO** seems full of promise: the right size, the right length, robust, it can even provide the 7 best G-Spot stimulations without ever getting tired, not even at the last moment, all while stimulating the clitoris at the same time! **COLOSSO** will be the closest thing between you and the discovery of your G-Spot.

It looks perfect, from its head that has been bent to allow exactly the right pressure to be applied, exactly in the right place, exactly at the right time! **COLOSSO** is also equipped with a 10-speed clitoral vibrator; so everything is there to ensure in one way or another, exceptional moment in your sex life. **COLOSSO** is yet another product from the prestigious Vivilo collection, the perfect balance between comfort, efficiency, safety and price and this time with **COLOSSO**... Especially pleasure!

Colosso is Becoming an International Phenomenon in the Field of Feminine Pleasure and G-Spot Stimulation.

COLOSSO AN IMMENSE TRIUMPH!

Sylvain's Opinion...

In October 2017, I'm in Europe, during an event gathering the biggest manufacturers of erotic products. An engineer from the East tells me about a new concept of "Magnetic Transmission" **WOW!**

Yes, I was excited, but it was essential for me to confirm that this vibrator is indeed the best G-Spot stimulator; safe, solid with full back and forth movements that are powerful.

Hypoallergenic, hygienic silicone, curved head of the phallus, amplitude of movement, size, length, weight, speed and rhythm, everything is designed to please. "Magnetic Transmission" technology guarantees greater and more efficient back and forth movements.

Before offering the **COLOSSO** to our customers, we tested it in the laboratory and afterwards, we had to get feedback from users. I started a process of continuous improvement based on an extensive satisfaction survey. We distributed **COLOSSO** to a select group of experienced, adept and demanding women when it comes to vaginal orgasm and G-Spot stimulation. We then further improved **COLOSSO** until it met all expectations.

COLOSSO has a very powerful mechanism, to be used for 30 minutes at a time, as it has a tendency to overheat, but rest assured, it's long-lasting and guaranteed for 1 year. It's not suitable for use under water.

The **COLOSSO's** short demonstration video can be viewed on our website, it certifies that the movement is not exaggerated, not a video editing trick. When penetrating a pair of artificial buttocks, you can clearly see the buttocks move and shake, again no tricks, this is what happens in real life with the **COLOSSO**.

It shakes you so much that it feels like an earthquake is happening and that the epicentre is precisely you. I can't tell you what an extraordinary experience **COLOSSO** is, never has a vibrator taken you so hard, I guarantee it.

— Sylvain, President of S.D. Variations.
